

Puzzle 3A:

This puzzle occurs near the middle of *More Grids for Kids: Level 3*.

Four families (Camp, Haynes, Kendall, and Mackey) each have a different living room wall color (gray, light brown, white, or yellow). Each family also uses a different color for the living room chairs (orange, red, blue, or green). Match each family with the correct wall color and chair color.

- 1) The four families could be listed as the Haynes family, the family with the orange chairs, the family with the white walls, and the Mackey family.
- 2) The Kendall family has the red chairs.
- 3) The Mackey family does not have green chairs, but they do have light brown walls.
- 4) Either the Haynes family has yellow walls, or else the Camp family has white walls.

	orange	red	blue	green	gray	light brown	white	yellow
Camp								
Haynes								
Kendall								
Mackey								
gray								
light brown								
white								
yellow
