

Puzzle 3A:

Three girls (Abby, Faith, and Katie) are having Dress-Up-Day at school. The event involves dressing up and performing an act. Each girl chooses a different costume (clown, fireman, or Raggedy-Ann), and performs a different act (plays the piano, recites a poem, or sings a song). Can you match each girl with the correct costume and act?

- 1) Katie did not sing, and neither did the person in the fireman costume.
- 2) Abby did not wear the clown outfit, and neither did the person who recited the poem.
- 3) Faith did not dress as Raggedy-Ann, and neither did the person who played the piano.
- 4) The person who dressed as Raggedy-Ann did not recite a poem.

	clown	fireman	Raggedy-Ann	piano	poem	song
Abby						
Faith						
Katie						
piano						
poem						
song
