

Puzzle 3A:

This puzzle occurs near the middle of *Grids for Kids: Level 2*. A tutorial for this puzzle is included in the *Grids for Kids: Level 2* book.

Three babies (Aaron, John, and Nicole) are three different heights (17", 18", and 19 ½") and are wearing three different colored hats (green, yellow, or white). Match each baby with the appropriate height and hat color.

- 1) Nicole is shorter than the baby with the green hat, who happens to be the tallest.
- 2) The baby with the white hat is shorter than both John and the baby with the yellow hat.
- 3) Aaron is not the shortest baby.

	green	yellow	white	17"	18"	19 ½"
Aaron						
John						
Nicole						
17"						
18"						
19 ½"
